SUITE PARADISE WHALER'S COVE

Superlative ocean views and exceptionally luxurious accommodations characterize Whaler's Cove oceanfront condominium resort at Poipu Beach. Located on a cove that was once a haven for whaling ships, the resort offers an elegant retreat from a busy world.

The spacious two bedroom condominiums are designed for unusually comfortable vacation living. Relax in your private jacuzzi, watch the big game on cable color TV, or be creative and whip up a gourmet meal in the fully equipped kitchen.

From your oceanfront lanai you'll watch the whales frolicking during the winter months and catch the beautiful Poipu sunsets all year round. An oceanside pool graced with tropical palms invites a leisurely swim or lazy afternoon with a good novel. The cove is a favorite spot for divers and snorkelers.

Besides diving and snorkeling, the Poipu Beach area boasts some of the best swimming, bodysurfing and sunbathing in the islands. Golf, tennis, deep sea fishing, horseback riding, catamaran cruises, surfing and windsurfing lessons are also available. Shopping, entertainment and restaurants from casual to tropically elegant, can be found in both Poipu Beach and nearby Old Koloa Town.
